Experienced and results-driven **Full-Stack Developer** with over **2 years of professional experience** in web development. Skilled in designing, developing, and maintaining high-performance, scalable applications using **React, Node.js, Express, and MongoDB**. Committed to writing clean, maintainable code and delivering efficient, high-quality features across the development lifecycle. Seeking a challenging role to leverage problem-solving skills and full-stack expertise.

SKILLS SUMMARY

- **Languages**: **JavaScript (ES6+), TypeScript**, HTML5, CSS3, Python, C, C++
- **Frontend Development**: **React.js, Next.js**, Svelte.js, **Redux Toolkit, React Query**, Tailwind CSS, MUI, Ant Design
- **Backend Development**: **Node.js, Express.js** (MVC), RESTful API, **GraphQL, Socket.IO, Redis**, JWT
- **Databases & ORM**: **MongoDB, PostgreSQL, MySQL**, Prisma (ORM), Supabase, Mongoose, Sequelize
- **DevOps & Cloud**: **AWS (Amplify, SNS, S3, EC2), Docker**, Firebase, **Git / GitHub, CI/CD** (GitHub Actions)
- **Tools, Testing & Build**: **Postman, Swagger** (OpenAPI), **Cypress, Sentry,** PDFTron, SWC, ESLint, Prettier
- **Integrations & Libraries**: **Stripe, RazorPay**, FCM, LiveKit, **OpenVidu, Three.js,** SWC, Workbox, **Electron, OAuth 2.0**

WORK EXPERIENCE

MERN Stack Developer | Dignizant Technologies LLP | LINK   Oct 2023 - Present
- Managed full-stack development for two major client projects, serving as a top code contributor within the engineering team.
- Accelerated Feature Delivery by proactively researching and implementing modern industrial-standard code quality.
- Delivered 100% of client requirements and project milestones on time, resolving complex technical challenges across front-end and back-end systems.
- Collaborated with 4+ cross-functional teams to define project scope, technical requirements, and CRM solutions.

MERN Stack Developer Intern | Brototype | LINK   Nov 2022 - Jul 2023
- Rapidly developed multiple full-stack projects, gaining in-depth understanding of core technologies and workflows.
- Served as Technical Coordinator, guiding junior developers, resolving technical blockers, and conducting code reviews to ensure quality.
- Applied professional standards proactively, enhancing communication, collaboration, and teamwork efficiency.
- Developed hands-on proficiency with key tools and technologies through iterative project deployment and practical experience.

PROJECTS

Rukkor App | LINK   Nov 2024 - Present
- Built the foundation of an all-in-one collaboration platform with real-time chat, calls, tasks, and file collaboration.
- Designed scalable architecture, performed code reviews, and optimized performance.
- Implemented scalable, maintainable code architecture, accelerating future feature development by 30%.
- Researched and implemented new features to enhance platform functionality and maintain industrial-standard code quality.
  Key Technologies: React.js, Node.js, Express.js, SQL, Redux Toolkit, LiveKit, Socket.IO, Redis, Apryse

Geometra | LINK   Oct 2023 - Nov 2024
- Led maintenance and feature development for the CRM, delivering timely fixes and meeting all client requirements.
- Adapted and customized technologies quickly to address client-specific needs and tight timelines,
- Resolved critical bugs and performance issues, improving system stability and user satisfaction.
- Advised clients on critical technical decisions, ensuring smooth implementation.
  Key Technologies: React.js, Node.js, Express.js, WebHook, Apryse, BIM Viewer, Socket.IO, Redis, SQL

ADDRESS Fashion | LINK   Jul 2023 - Aug 2023
- Built a sleek, modern **eCommerce platform** for trendy fashion products with secure authentication and order tracking.
- Features include a user-friendly interface with secure transactions, authentication, product listing, wishlist, cart, OTP verification, profile management, order tracking, and personalized recommendations.
- The admin panel supports user, product, coupon, category, and banner management, along with sales reports and analytics.
  Key Technologies: Node.js, Express.js, MongoDB, Ajax, jQuery, Razorpay, Twilio, EJS

AWARDS/ ACHIEVEMENTS

- **Unmatched Dedication Honouring** (Dignizant Technologies LLP) **| CERTIFICATE**
- **Employee of the Quarter** (Dignizant Technologies LLP) **| CERTIFICATE**
- **Mastered in MERN Stack (**Brototype**) | CERTIFICATE**
